VOLUME 53 EAST JORDAN, MICHIGAN, FRIDAY, DECEMBER 2, 1949 NUMBER 48

Parent's Night at East Jordan High School

PARENTS MEET TEACHERS AND GET BETTER UNDERSTANDING OF PROBLEMS

November 29 saw approximately 300 parents attending Parent's night at East Jordan High School. The evening's program began with a general assembly in the gymnasium conducted by Betty Robertson, PTA president. A program for stimulating interest in PTA was mentioned. It was this: A picture was bought and is to be given to the grade whose parents have the best attendance record at each PTA meeting. This month's grade attendance went to the sixth grade. Another announcement of prime importance was that of the Football Banquet which is to be held at the local high school gym on Dec. 12 at 6:30 p. m. A dinner will be served for 75c per plate. The guest speaker, "Duffy" Dougherty, line coach of Michigame.

To make is possible for the parents to meet a large number of the teachers a regular school day was planned for the parents. By following this program each parent automatically met at least four different teachers. The parents stayed with each teacher approximately 20 minutes. During this 20 minutes many educational problems were discussed. One of the mose popular questions was "How is my son doing in your class?" Frequently the teachers were led to a better understanding of the child's problems by the parents discussion of their child's growth pattern. Of unusual significance was the observation made by several conferences that the high school girl being more mature than the high school boy finds school much easier. The parents and teachers also concluded that the ninth grade was a very critical period. The faculty had been able to notice great change in the ninth grade which was the eighth grade last year. Even during this present year the maturization of the student had made it possible for him to adjust better to high school life.

In the grade school several of the rooms had better than 50 percent attendance. Some teachers had the parents sit in their child's regular desk and actually took attendance as if it were a regular school day. One grade teacher had her pupils write a letter to their parents which was left at the desk and the parents wrote a short reply to their child.

A secondary highlight of the evening was the light lunch and general conference meeting in the cafeteria. It was here that the parents and teachers had an opportunity to become more acquainted with their individual problems. A great surprise to the newer teachers was the great number of parents that attended their conferences and attend parent's night.

The concensus of opinion on the part of the parents seemed to indicate that this sort of program was both interesting and informative. The parents preferred the type of program which actually visiting with several different teachers. Both parents and teachers hope that this will become an annual affair.

Annual Meeting Chamber of Commerce

AT H. S. AUDITORIUM, WEDNESDAY, DEC. 7th

Of special interest to the community is the announcement by President Hollis Drew of the Chamber of Commerce that the Annual Meeting and Election of Directors will be held next week, Wednesday, Dec. 7th, in the High School auditorium.

Inasmuch as the activities of the C. of C. are in a large measure dependent on the personel of the Board of Directors it becomes the duty of every civic minded citizen to assist in the careful selection and election of this important group. It is the direct responsibility of each and all of us. When viewed in this light it becomes apparent that the annual meeting may well be the most important of the year.

the "non-business' portion of the program has scheduled a number of interesting and unusual features that will inslude several out-of-town speakers, Barbershop singing by an East Jordan quartette and a special supper served by the H. S. girls under the direction of Mrs. Larsen. And it all adds up to an evening of business and pleasure well worth your attendance and certainly well worth the nominal tariff of $1.00.

In answering a number of, "Are the ladies invited" queries we are advised by Mr. Drew that the answer is a definite, "Yes". The C. of C. has a number of active femine members and welcomes the attendance of every one interested in the welfare and advancement of our community. Tickets are on sale for this meeting as we go to press and may be obtained at the C. of C. office in the P. O. building or from any of the officers. Please note that it will be very helpful in the preparation of the supper if your ticket is purchased as early as possible—or that you call Secretary Earl Clark and advise him of your intention to attend.

Remember the date: Wednesday, Dec. 7th; Time: 6:30 p. m.; Place: High School Auditorium; Price: One small Buck.

East Jordan Defeats Boyne City Five

ONE OF THE MOST EXCITING GAMES SEEN IN A LONG TIME

A fighting band of Jordanites opened their 1949-50 basketball with an unexpected victory over a favored Boyne City five. Playing a close man for man defense the Red Devils trailed at the end of the firsh quarter, caught fire in the second, and then held a slim lead until the last 35 seconds when they scored five points to finish on top 41-35.

The large crowd that followed the team to Boyne was treated to one of the most exciting games seen in a long time. Throughout the final quarter both Rambler and Red Devil fans were on their feet constantly as action was terrifically fast up and down the floor.

From the results of the other games throughout the conference it looks like all the teams will be strong this year. Lack of height especially at the forward position will be one of the chief problems the Devils will have to face, but fighting spirit will help compensate for this lack.

Americanism Month Nov. 24 Through Dec. 25

IN COMMEMORATION OF AMERICAN DEMOCRACY AND ITS PRINCIPLES

Governor G. Mennen Williams today issued a proclomation designating Americanism Month. Nov. 24 through Dec. 25 has been set aside in commemoration of American democracy and its principles.

The proclamation has been issued by the Governor in conjunction with other governors throughout the nation. Americanism Month has been proposed by the Junior Bar Conference of the American Bar Association whose purpose is to cause the American people to make special commemoration of the democratic principles found in the Declaration of Independence, Constitution and Bill of Rights, as well as to provide the American people with the opportunity to display a united front of democratic ideals to the world.

Selection has been made of Nov. 24 through Dec. 25 as Americanism Month because those days include Thanksgiving Day and Christmas Day, both of which have become essential parts of the American heritage.

Letters addresed to national and state labor and industrial leaders have requested their cooperation in conjunction with the Junior Bar Conference in sponsoring appropriate programs during the month throughout the nation's industrials plants.

Jointly sponsored by the Junior Bar Section of the State Bar of Michian and the national group, the project proposes that civic organizations conduct appropriate radio programs, forums, instruction classes and ceremonies to commemorate Americanism Month. Arrangements have been made by the Junior Bar Section for addresses and talks to be given befor school, church and civic groups.

Americanism Month is being directed in Michigan by Russell E. Bowers, of Flint, Michigan, who along with William R. Eddleman, Seattle, Washington National President of the Junior Bar Conference, Lewis R. Donelson, III, Memphis, Tennessee, and Edward E. Stocker, Little Rock Arkansas, are serving as national organizers of the project.

Open Letter to Antrim County Farmers

Never in the history of American Agriculture has there been such a need for a strong, militant farm organization. Farmers and their farm programs are being ruthlessly attacked by other economic groups. The present high cost of living is blamed almost entirely on the farmer. If we as farmers are to protect the gains we have already made, and our future, we will need a stronger, more powerful farm organization than we have ever had. Farm Bureau is that organization!

If American agriculture is to speak as effectively as labor, industry and consumers, there must be an increased membership this year in the Farm Bureau, the largest and most effective of all farm organizations.

In addition to legislative and educational activities, the Farm Bureau offers many services to its members, such as Blue Cross and medical service, automobile insurance and the opportunity to purchase cooperatively feed, fertilizer and many other supplies.

In Michigan the membership has increasde from 9,787 in 1941 to over 38,500 families in 1949. During the same period the membership in the American Farm Bureau has increased from 518,031 to 1,275,180. The 263 members in Antrim County have helped make the Farm Bureau "The Strongest and Most Influential Farm Organization the World Has Ever Known."

Your membership along with your leadership will help strengthen Farm Bureau and make it more influential on national, state, and local affairs.

Very shortly we will have our state wide membership drive, at which time some one of us will visit you to explain more about Farm Bureau and extend to you an invitation to become a member.

Yours very truly,
Antrim Co. Farm Bureau.

THE BIBLE SPEAKS

DEVOTIONAL READING: Matthew 7:15-23.

Prophets False & True

Lesson for December 4, 1949

GOD is neither silent nor dead. He has his spokesmen today. We hear myriads of voices—preachers, teachers, editors, columnists, poets and politicians, all professing to tell us the truth.

Dr. Foreman

When a man claims to speak in the name of truth, is there any way by which his claim can be tested? It is an old problem.

Away back in Bible times every prophet had his rivals, the false prophets. The false were far more numerous, they often had immense prestige and government subsidies besides. How was the common man to tell the true prophets from the false?

• • •

Notion of Man or Word of God?

ONE DIFFERENCE between the true and false prophets, of course, was that the false ones passed out their own ideas, while the true ones gave voice to the ideas of God. Some of the false prophets even dug down into what we now call the subconscious, and told their dreams as if they meant something.

The false prophets of our own times are still the people who draw on their own minds, even on their day-dreams, to furnish messages for the people. The gypsy dream-books are still with us. Astrologers flourish, and not always on the side streets. All sorts of queer cults profess to tell us what is coming next and what we ought to do.

Before we take a modern "prophet" seriously we should ask: Is what he is saying his own idea or God's idea? In this 20th century after Christ, it should be easier to know God's ideas are than it was 27 centuries ago in Jeremiah's time.

For now that Christ has come, we can safely check all the self-styled prophets with the measage and the mind of Christ.

• • •

Is the voice of the people the voice of God?

THE FALSE PROPHETS were always popular, the true ones seldom. Mere unpopularity does not prove a man a true prophet; but you may be sure that if a man says only what people like to hear, always tickling the ears and feeding the pride of his listeners, he is no true spokesman for God.

Not that the true prophet is always insulting his hearers. The Lord's prophets often speak comforting and welcome words, to be sure. But a steady outpouring of soothing-syrup is not what we would expect from a genuine prophet.

Man is often most proud when he is most wrong; and then God has to sweep the man down. Don't take too seriously the men who merely reinforce your prejudices and shore up your pride; they are more likely fake prophets than true. The voice of the people is not always the will of God.

• • •

Time is the Test

That great prophet Moses (Deut. 18) had already given a practical test of a true prophet: Does what he says turn out to be true? Can he really see into tomorrow? Alas, we may have to wait until tomorrow to find out for sure; but tomorrow always comes, and when it comes, the prophets of today will be shown up for what they are, true or false. Time is the test. Not, Is it likely?

• • •

Truth and Right are Twins

PERHAPS the worst feature of the false prophets who were Jeremiah's competitors was their real immorality. "Their course is evil and their might is not right," he said (23:10, American translation). "They commit adultery and walk in lies, they strengthen the hands of evildoers so that no one turns from his evil ways" (v. 14).

God's spokesman can never also speak for the enemies of God. Whenever you hear anyone talking as if we could now get "beyond good and evil," or as if the Ten Commandments were something we had outgrown, then you may know you are listening to a false prophet.

There are no new commandments but the one which sums up all of them: Love one another. Prophets of hate, prophets of dissension, of lust, these may be speaking for themselves or for the devil—but not for God.

Don't Let Anybody Fool You!

These Things Will Happen If The Anti-Trust Lawyers Have Their Way

When the anti-trust lawyers from Washington filed their suit against A&P, we told the American people, our customers, our suppliers and our employees how this attack would affect them.

We said that this attack, if successful, would mean the end of A&P as you know it.

We said that it would mean higher food prices for American consumers.

We said that if they succeed in destroying A&P the way would be cleared for the destruction of other efficient large-scale retailers.

We thought the American people were entitled to know about this threat to their welfare and standard of living.

Since that time, however, the anti-trust lawyers have been making speeches, talking over the radio, writing letters and giving stories to the newspapers, in which they say we are all wrong.

They say that this suit will not close a single A&P store; and that instead of raising food prices it will lower them.

And they have tried to give the impression that nobody will be hurt by this decision except the present owners of A&P.

We don't think that the American people want to be confused by these statements. We know that when they have the facts, they will understand that this case can affect the living standards and the way of life of every American citizen.

Here are the facts:

It Will Destroy A&P

The anti-trust lawyers have repeatedly stated that "the suit will not result in the closing of a single A&P store", and that "the purpose of the suit is to enjoin A&P from continuing activity which has been held to violate the law."

The fact is that the suit is designed not only to "enjoin" A&P from alleged illegal activities, but actually to destroy the company.

Here is what they have asked the court to do:

Break up A&P's retail stores into seven groups, each of which must be sold to different owners, and operated under new management.

Order us to sell A&P's factories, which produce many of the fine foods you find in our stores, to still other new owners.

Prevent any of the seven groups of stores from operating any of the factories.

None of the present owners, who have made A&P what it is today, can have anything to do with either the stores or the factories.

The first A&P store was opened 90 years ago. For the past 50 years the company has been managed by George L. Hartford and John A. Hartford.

These are the men who have pioneered the policy of low-cost, low-profit, low-price food retailing which has won A&P the patronage of millions of American families and given them more good food for their money.

If the anti-trust lawyers have their way, these men and other company executives will be completely out of the picture. No one can predict what the policies of the new owners of the various parts of A&P will be.

No one can predict that they will sell the same quality food at the same low prices, or that they will keep the same employees, or give them the same high wages, short hours, pensions and security.

Nor, despite the anti-trust lawyers' statement, can anyone tell how many A&P stores will remain open or will be closed.

So, while there may be a food store where your A&P is now located, it won't be your A&P store.

Make no mistake about it. If the anti-trust lawyers win their suit it will mean the end of A&P as you know it.

Your Food Will Cost More

The anti-trust lawyers have repeatedly stated that the suit will not increase, but should decrease, grocery prices.

Anybody who has ever shopped in an A&P store, or has ever taken a high-school course in economics, knows better than that.

Everyone knows that A&P's policy has always been to keep costs and profits at a minimum so that it can sell good food cheap.

The very heart of the anti-trust lawyers' case is that A&P's methods, which they claim are illegal, have enabled the company to undersell competitors.

How can anyone possibly say that you will get lower food prices by eliminating the company that has done so much to bring them down?

Actually, there is no question that this suit, if successful, will mean higher food prices for A&P customers.

Here is just one of a number of reasons:

We manufacture many of the quality foods we sell in our stores, such as Bokar, Red Circle and Eight O'Clock coffees, Ann Page foods, White House milk, and many others.

The anti-trust lawyers admit that we pass along these manufacturing savings to our customers in the form of lower prices.

But, the anti-trust lawyers have asked the court to order us to get rid of our manufacturing facilities, which would put an end to all these savings.

This means that if these A&P brands continued to be manufactured, you would have to pay higher prices for them wherever you found them.

The anti-trust lawyers say that food prices would go down in other stores. They claim that food manufacturers would be able to sell cheaper to other grocers because they would not have to make up *alleged* losses they now incur in selling to A&P.

This, of course, is pure nonsense. The suppliers who voluntarily seek our business and are now rushing to our defense obviously find it profitable to deal with A&P. Actually, their sales to this company enable them to build up their volume, reduce their costs, and sell more cheaply to all grocers.

The elimination of A&P from the picture would tend to increase, rather than decrease, the wholesale cost of food; and this, in turn, will be reflected in increases in retail prices.

Make no mistake about it. If the anti-trust lawyers succeed in putting A&P out of business you will find your food bill is higher.

Others Will Be Hurt

The anti-trust lawyers have insisted that this suit will not affect other distributors, "nor will it destroy any efficiencies of mass distribution."

The fact is that the anti-trust lawyers ask the court to break up the company, make it get rid of its admittedly legal manufacturing operations and in general destroy many of the efficiencies which have enabled it to sell food cheaper.

If such an attack is successful, it immediately raises the likelihood of similar attacks on other chain stores.

The anti-trust lawyers are saying that they "do not contemplate any other suits of this nature *at this time.*"

But that does not mean that they cannot undertake such suits at any future time if they win this case.

As a matter of fact, the anti-trust lawyers made practically the same allegations against two of our largest competitors that they are making against us.

And it can also be used as the basis for an attack against other grocers and merchants in other lines.

There are today literally thousands of chain stores, voluntary groups and individual merchants operating with the same methods and in the same pattern here under attack.

If A&P is destroyed, no businessman could safely pursue an aggressive sales policy designed to lower prices and give his customers a better deal if by so doing he takes business away from any competitor.

Even if the anti-trust lawyers have no intention now of prosecuting other suits, a decision against A&P will establish a precedent that could be used by the present anti-trust lawyers, or any future anti-trust lawyers, to destroy any efficient business that buys cheaply, sells cheaply, and grows big in the process.

Such a decision would mean the end of the vigorous, healthy price competition which has given this country the highest standard of living ever enjoyed by any people anywhere in the history of the world.

The anti-trust lawyers are trying to give a new interpretation to the anti-trust laws that, instead of preserving competition, will reduce competition.

They are trying, by court decision, to impose a new kind of economic policy on the people of this country.

Make no mistake about it. If they succeed in destroying A&P they will be destroying the method of distribution that has helped make the American standard of living the envy of the world.

Thosen's Lumber bowlers increased their lead in the Merchants League as they were the only team to win four points, trouncing the E. J. Cleaners with scores of 901-880-830 for 2611 to the Canning Co's. 774-836-715-2325. Andy Anderson was tops for the Lumber Jacks getting 569, while Burl Braman's 522 led the losers.

High scoring honors for the night went to Spin Cihak as he wired games of 206-206-226 together for 638. Dick Hamerski's 244 finisher was the high single game. Cy (Varipapa) Dolezel came up with a 596 series on games of 183-213-200 which included the trick shot for the night as he converted the 4-7-9-10 split by bouncing the 4 pin off the kick back to knock the 7 pin straight across the alley to topple the 9 and 10 pins. Joe Bugai of the St. Joseph team registered 572 on games of 162-189-221. Young Brock Peacock took the scoring honors for the Turkey Growers shooting 515 after a poor start. Brock's games were 134-191-190. Dick Hamerski's high game coupled with 155 and 156 gave him 555 high for Cal's. The past week we learned about Thanksgiving. We learned a poem about Mr. Duck and Mr. Turkey. We made turkeys with paper tails and heads and learned a Thanksgiving song.

KINDERGARTEN — I. Sidebotham

We had such a nice Thanksgiving. Some of us had company for dinner and some of us were invited out for dinner.

We are glad to have the snow come. We like to make snow men and roll large snowballs.

We are learning some Christmas songs and are putting up Christmas pictures in our room.

We are learning to read each others names. We know a good many now.

FIRST Grade — Mrs. Brooks

One of our reading groups has finished all of the pre-primers and are beginning "Fun With Dick and Jane."

We are learning our Christmas songs. We have saved our milk bottle caps and straws and are now stringing them to make window drapes.

Gary brought a box for a doll house. The girls have been busy dressing the dolls and adjusting the furniture.

Mark has moved to the country and Larry has moved into town. So now Larry can go home to dinner and Mark must stay for lunch.

Stanley is staying out of school. His brother has polio.

We were glad to have so many of our mothers here for the Thanksgiving Assembly.

SECOND Grade — Mrs. Seiler

Mrs. Watson taught on Wednesday so that Mrs. Seiler could go with Mr. Seiler and Parker to spend Thanksgiving with Galen Seiler and family who live in Milwaukee.

The children enjoyed the Thankegiving plays on Wednesday put on by the different grades in the Assembly.

The children, with Mrs. Watson's held, composed a poem. ____

I thank Thee God
for all your love
And for the birds
and the sky above
I thank Thee God for
cool green grass
And for the flowers
through which we pass.
I thank Thee God
for all our food
And for our Mothers
and Fathers good
I thank Thee God
for health and care
And all that makes
the world so fair.

SECOND Grade —

We are as busy as bees getting our Christmas cards and gifts made for mother and father.

During some of our language periods we have been talking about outdoor safety when we try out our new sleds, skates and skis. We made a list of safety rules which we will try to observe.

We are making covers for our new spelling booklets. We choose a Christmas tree for our covers. We will decorate the tree with paper cut-outs of appropriate Christmas trimmings.

We like to work in our new number work books.

We wrote a letter to Mr. Cunningham thanking him for the beautiful cards and handkerchiefs he sent us.

New room helpers were chosen Tuesday.

SECOND & THIRD Grades Adeline Bowerman

Joan Wallin left our second grade leaving our enrollment at 28.

Since our Christmas vacation will start on Dec. 16th we are making plans for decorating our room, making a Christmas scene in our sand table, making Christmas presents, and planning for a Christmas party. On Tuesday we made a fireplace for our library corner. When our work is completed, it is a privilege to sit by the "fireplace" and read a book.

One third grade group started "Streets and Roads" this week. They are getting to be very independent readers and are getting a great deal of pleasure in reading supplemental books just for fun.

THIRD Grade — Mrs. Hughes

We are beginning the Christmas season.

We have Christmas seat work, Christmas Art work, Christmas stories to read and ever Christmas words to learn to spell.

Every day we sing Christmas carols. Christmas is indeer a wonderful season.

Walter Moore, Jack Collins, Sharon Walker, Elaine Eaton and Robert Lively were absent the fore part of the week because of illness.

FOURTH Grade — Mrs. Snyder

We spent some time this morning sharing our weekend experiences. We talked about all the things we are thankful for, and all of us had a nice Thanksgiving.

Versil Sweet told us that his father and brother each got a deer this week end.

Charles Kamradt has a birthday on Wednesday this week and Linda Bustard's birthday is on Friday.

Our pen pals from the Walled Lake fourth grade have sent us another pack of letters so we will be answering them this week.

We are making plans for our Christmas program and will soon begin decorating our room for the festive season.

FOURTH Grade — Mrs. Galmore

Wednesday, Nov. 23, we had a substitute teacher, Mrs. Whiteford, as Mrs. Galmore had a bad cold.

We like to watch the pink petunia plant that Mrs. Seiler gave us. It is sending roots down through the holes in the flower pot into the jar of water below. Already there is quite a network of roots.

We are beginning the study of the Amazon region and are learning how different climates affect the vegetation and the life of the people.

For the past week we have been trying to make our papers especially neat as they are being saved to show our mothers and fathers at the open house this week.

FIFTH Grade — Mrs. Liskum

In social science we have finished the unit about the Spanish and French explorers and missionaries in our country.

We voted on which subject we liked best in the room. Social science got more votes than all the rest put together. This also includes our reading and most of our English work. The reason it is most popular is probably because the teacher enjoys teaching it more than anything else.

We have started to memorize the Christmas Story as told in St. Luke and St. Matthew.

FIFTH Grade—E. Dhaseleer

Margaret Gifford has moved to Mt. Morris, Mich. Our enrollment is now 37.

We have started making Christmas gifts. We can't tell what they are.

We will be busy from now until Christmas practicing for our program.

We would have liked to peek in on our parents Tuesday night and seen them setting in our seats.

SIXTH Grade — Alma Larsen

Thurlan Meredith, Philip Raymond and Fred Clark are in the Christmas play. Thurlan is the old man, Philip is a wiseman, and Fred is a shepard. The choir is going to wear white capes and hold red books.
